What our trainees say about our programme...

We interviewed two of our trainees from our 2018-19 programme and this is what they had to say:

What advice would you give to someone who is thinking of getting into teaching?

A: Be prepared to work. Be prepared for the ups and downs. Mostly you're changing a child's life, moulding them into what they will be in the future, this will stay with them forever.

B: Do it! I am so unbelievably grateful to LTSA for this training year and although it was a tough year, if you are dedicated about becoming a teacher then this is the course to help you get there!

In approximately 5 words, describe your experience of teacher training?

A: Life changing, very challenging, exhausting but hugely rewarding.

B: It's tough but overwhelmingly rewarding.

Why did you choose LTSA SCITT?

A: Level of support, how bespoke and unique the programme is to each individual. Massively appealing.

B: Tailored to you. In the classroom from day one with clear structure and continuity. LTSA provides full-on training experience.
