

Maths Subject Leader Development Meeting

Wednesday 11th March 2020
9:15am – 3:30pm
The Keyworth Centre, Lincoln, LN6 0EP

COURSE AIM:

Pietro will be delivering the following 2 sessions during the morning.

1. Analysis of the June and/or Nov 2019 papers (looking at grade boundaries, % achieving each grade and performance data of key questions) and advice/strategies about which Tier of entry to select, including the new Enhanced Tiering Support.
2. Outstanding T & L Ideas in order to create more independent learning among students (incl videos from two lessons) Pietro has also agreed to offer the following session focussed on A level if people want to stay for that session at 2:30pm. PLEASE NOTE: If you want to take advantage of this session then please let me know in advance. Pietro will only be staying to deliver this session if we have enough interest.
3. A whole host of resources (including for some of the FM Options) which I will bring along with me on the day and showcase the most useful items. These are from Pearson, my own school and the best of the centres. I will share a link to a Google Drive with delegates on the day. I will showcase the best of these resources (with T & L strategies on how to use them)

Pietro Tozzi, Gumley House:

Pietro has taught at his current school, Gumley House Convent School for sixteen years. He has Head of Department experience and is currently a trainer for the Pearson Edexcel Maths Team (as well as still teaching full-time). Pietro has mentored over fifty ITT and NQTs and regularly delivers sessions to the PGCE trainees at St Mary's University College, Twickenham. Gumley's GCSE results improved last summer by 5% to reach 88% for the A*–C indicator, as well as 32% of Pietro's students obtaining grades A/A*.

Cost per delegate:
Alliance and Non-
Alliance
